THE EXPERIENCE

POLIN WATERPARKS PRESENTS

TIME RIDER

This unique experience will guide you through time and space!

This brand-new waterslide features a deeper sense of joy, while traveling among mysteries of deep space... and also time!

Offering more than 4 paths, allows the riders to experience different choices every time. Riders can easily extend their time on this extraordinary waterslide...

They can just... travel through time too!

This waterslide will blow the riders minds and they will forget where they are and what time it is!

TIME IS FULL OF IMPORTANT CHOICES

At the beginning, there is a choice to make... Left or Right? One of them is longer... Then, while entering the huge bowl there is another choice and one of them is a much longer path. With the multiple ride path choices, riders will keep coming back to try new choices.

THE WORLD'S LARGEST BOWL

BOWL DIMENSIONS
L 43.4 m x W 35.7 m x H 12.8 m

Time Rider, Polin's brand new waterslide, features the world's largest bowl with 2 alternate universes... Paths! Specially designed for explorers without frontiers!

TIME IS RELEVANT BUT... FUN IS NOT!

TIME RIDER

What? Lighting effects on a water slide... Really?

Yes, you got that right! This special waterslide also offers special lighting effects on its wormhole (Functional observation walkway). This special and integrated walkway allows riders to enjoy their time watching others while waiting in line. This wormhole also features a spray system which creates a mystical environment and most importantly, this fog keeps the riders cool while they are waiting for their turn. More fun and cooler... They will not complain while they are waiting!

Can you imagine that?

IT'S REALLY FUN

This iconic waterslide is really, really fun!

Feeling the zero gravity and maximum acceleration will conquer the universe with screams and fun! Imagine big family rafts of 6 riders, sliding in a 175 meter-long water slide with maximum speed of 9 meters per second!

It's really, really fun!
