

NOTICE ON COOKIES

As Polin Su Parkları ve Havuz Sistemleri Anonim Şirketi, we use some cookies to develop the user experience on our website <https://tr.polin.com.tr/>. The cookies that are used may change from time to time for security purposes in parallel with technological developments. This page covers the cookies that are currently used and the information they collect.

All data collected through cookies are anonymous data and no data containing any personal data is collected.

Like many other websites, our website uses "Cookies" or "Other Technologies" (e-mail appointed by Google Analytics, Yandex Metrica, Facebook Pixel or similar technologies, JavaScript, "pixel tags", "web beacons", "blank GIF" related to device ids) and the Company obtains some anonymous data that are not qualified as personal data by using a technical communication file (Cookie). The anonymous data obtained in this way are your geographical and demographic data. This information is used to provide a reliable service for online transactions, offer online message and content specific to the products and service you are interested, to conduct advertisement and marketing analyses, to follow the reaction you give to the website, and to measure how many persons from which countries visited the website and how they used the website to maintain the operation of the website in a fast and efficient way. These technical communication files are small text files that the website sends to the browser of the user to be stored in the primary memory (in your computer or mobile device) when you visit a website. The technical communication file facilitates the use of the website by storing the status and preferences about a website and helps to obtain statistical anonymous information (how many persons used the website, for what purpose and how many times a person visited the website and how long s/he stayed) concerning your visits to the website including analyzing your visit habits and to dynamically produce ads and contents from user pages tailored to the users. The technical communication file has been designed to get data from the primary memory or e-mail or any other personal data.

Most of the browsers have been designed to accept the technical communication file in the beginning, but if the users wish, they can change settings in such a manner that the technical communication file is not sent or a warning is given when the technical communication file is sent. If you want to delete or prevent the cookies on your device at any time, you can update the settings of your browser (please go to the "help" menu of your browser to learn how the cookies will be deleted or prevented). Our Company does not assume any responsibility for the settings of your browser.
